

Dcel::next\_element

```
graph LR; A[Dcel::next_element] --> B[Vertex::get_coordinates]
```

A diagram illustrating a function call. On the left, a gray rectangular box contains the text 'Dcel::next\_element'. A blue arrow points from the right side of this box to the left side of a white rectangular box on the right. The white box contains the text 'Vertex::get\_coordinates'.

Vertex::get\_coordinates
